

Creativity Experience with Nance Rosen, MBA

In addition to our on-campus program, you receive pre- and post online support

Offered three times 2017-18 around the US.

STAGE ONE: Ready-Set-Go!

Join Nance for 5 online modules that each include exercises to boost your creativity through including fun and inspiring prompts and quizzes. Here are the modules and assignments. Each module includes 2 hours of educational content and exercises for a total of 10 hours of pre-event learning activities.

Module One: Discovering the Power of Fun in Education

- 5 Fearlessly Fun Ways to Improve Your Day

Module Two: Getting into a Creative Mindset

- Creating the Daily Practice of Imagination

Module Three: Putting Creativity into Everyday Actions

- Rethinking Old Patterns

Module Four: Becoming a Creative Role-Model

- Communicating About Creativity

Module Five: Building a Creative Calendar

- Using Social Media to Express Your Creativity

STAGE TWO: Live, Interactive Learning Games

Join Nance and other experts to build confidence, imaginative thinking, creative collaboration and leadership skills in a live, highly interactive learning experience. Here are the modules and assignments. Each module includes up to 2 hours of educational content and exercises for a total of 16 hours of live event learning activities.

Module One: Mindful Waking to Kick off the Perfect Day

- Engage in mind and body stretching to increase your intellectual flexibility and physical well-being

Module Two: Mastering Your Mornings

- Experience the masterful morning ritual and routines that set the right tone for a positive and powerful day

Module Three: Walking with Purpose

- Enjoy a guided treasure hunt stroll to increase your powers of observation about the amazing world around you

Module Four: Breaking the Breakfast Routine

- Re-imagine the first meal of the day with fun, fanciful and fabulous thinking

Module Five: Utilizing the Power of Song and Sound

- Co-create your team's "putting things away" song to increase cooperation and engagement while getting the support you need

Module Six: Let's Get Physical

- Participate in beach games to experience how simple-to-follow rules and guidance teach cooperation in a fun, inspiring way

Module Seven: Cooperative Competition is the New Way

- Engage in friendly competitive challenges that teach you to be your best while you encourage those around you

Module Eight: Responsive Teaching Methods

- Create a win-win attitude with easy-to-follow music games that you can take on the road or make anytime a positive bonding experience

Module Nine: Supportive Resourceful Learning

- Modify games and activities to support any level of developmental ability wherever you go

Module Ten: Becoming a Creative Coach

- Confidently communicate instructions and ideas to help others ignite their imagination and life mastery

STAGE THREE: Assessing Your Creativity in the Real World

Capitalize on your new skills, friendships and potential with your post-event follow-up. Here are the modules and assignments. Each module includes up to 2 hours of educational content and exercises for a total of 4 hours of post-event learning activities.

Module One: Creatively Engaging with Your Host Family

- Goals and assessments to use with your host family

Module Two: Social Media Strategies that Boost Your Reputation

- Positively and powerfully communicate your creativity and confidence!
